

**Host Site:** Legal Services of the Hudson Valley

**Project:** Outreach to Western Orange County NY

**Location:** Middletown, NY Orange County

**Description of Fellow Project:**

The Fellowship will provide a law student with exposure to the needs of the rural, low income population facing the devastating effects of opioid abuse in Port Jervis, NY and surrounding villages in rural western Orange County. The Fellow would work primarily from LSHV's new Western Orange County office location slated to be opened in 2019. The Fellow will directly and indirectly provide service delivery, making improvements in accessing populations and increasing legal services in this New York rural pocket of poverty.
